ANIMAL SHELTER

*previously known as the
Lloydminster & District SPCA*

Who We Are

Border Paws Animal Shelter Society believes that animal shelters are meant to be a temporary haven for animals without homes.

Every year we care for hundreds of stray, owner-surrendered, wayward owned, and abused and neglected animals.

Upon coming into our care, they receive medical care, vaccinations, and are spayed or neutered in order to manage the population in our communities.

Success Stories

Every animal that comes through our doors has their own story, some more tragic than others. We are proud of all the success stories we can share thanks to our supporters.
